FREQUENTLY ASKED QUESTIONS

What type of events do you play?

We play clubs, pubs, socials, community events, corporate functions, and private parties such as birthday parties, surprise parties, Christmas parties etc.

Are there long gaps between songs when you play live?

No. We keep any breaks between songs to an absolute minimum by finishing one song and beginning the next as quickly and seamlessly as possible.

Can you play music during your breaks?

Yes. Although we are not DJs, during breaks we can provide a playlist that will crossfade from song to song to keep "dead air" to a minimum. We can also provide quieter background music for dinner when requested.

How long do you play?

The most common set times are 3 x 45 minute or 2 x 60 minute sets. We are flexible depending on the event.

How much do you charge?

The price of hiring the band is dependent on several factors including the type of event, the distance to travel, and the length of your event.

How long has the band been together?

- Clubbing Fraggles have been performing as a band with the exact same lineup of musicians since the band formed in 2007.
